

Gunsnz Ltd began three years ago with the goal of stocking products for the competition shooting community and providing them at reasonable prices. Since our opening we have continued in securing exclusive Distributorship's for what we consider some of the best lines of rifles and handguns available today. We stock around 2 million dollars of inventory so we can provide the shooting community with what they want now and not 6 months from now. For the pistol shooter we are now the exclusive distributors for STI and Tanfoglio the top two handguns winning IPSC worldwide.
