

ACTION SECTION NEWS

April, 2005

The year has started but with only one match, being the Thames Valley Superleauge, being held.

The TV Superleague was a well run match which was enjoyed by 22 shooters and was shot under the new prone rules, which were appreciated by all. The open match was won by Brent Millard with a score of 1909-152X, with Andrew Torrington second and Robert Colman coming in third. The Metallic class was won by Andrew Torrington with a score of 1819-116X, with Brent Millard second and Nole Petrie in third. This match was the second. The next and final trial will be the Action Nationals at Hamilton PC on April 16th (this is a compulsory match for selection).

At the present we have only had clubs apply for the following national championships: The Speed Nationals to be held at New Plymouth PC on October 9th, the Service Pistol Nationals at Hamilton PC on 30th April and the Action Nationals also at Hamilton on April 16th. We are still looking for clubs to host the following events, the North and South Island Action Champs, the Metallic Class Action Nationals and a North and South Island Speed event.

AUSTRALIAN NATIONALS

This year's nationals are being held in Adelaide, the date has not yet been set, as the they are trying to get them to run before or after the Oceania's to make it attractive for us Kiwi's to attend. We have a large group of Australians coming to our Nationals, how about us getting a group together for a trip to their's. Interested? Give me a call.

See you at the next match.
