

## **ACTION SECTION NEWS**

**August, 2004**

First an apology for no column in the last issue of the Bullshooter. With the build up to the world shoot in the US, things got away on me, I thought I had all my ducks in a line, but the column got missed.

The World Shoot held recently in the US, in which we had two teams of three has been and gone. The results were not what the team members were aiming for, with the falling plate match punishing us all.

Once again the North Island Action Champs were held at Whangarei PC, with Robert Colman taking the title, with the Sunday Superleague being won by a recently returned to shooting Ken Henderson.

The new Metallic Class Action Champs will beheld at Auckland PC in July. I for one are looking forward to this match and believe that with the ability to use almost any iron sited pistol and the rising interest in shooting "standard class", this may reverse the drop in numbers currently enjoying the sport.

The Speed Nationals are at New Plymouth again. How about getting a group of shooters together and come for an away trip. It's a great match, well run and a lot of fun, with a shotgun match on the Sunday thrown in.

### **COMING EVENTS**

Cowley Cup at Whangarei PC - 18th Sep

Superleauge at Whangarei PC - 19th Sep

Speed Nationals at New Plymouth PC - 9-10th Oct
