

RAMBLINGS **October 2005**

By Peter Payne, HMS Section Director

Since the last Bull Shooter we have only had the Winter Series, which went off smoothly no problems.

Over the two weekends off the winter series there was 111 matches shot which was good for the winter.

The next Match coming up is the National Championship on November 18th-20th so all you Silhouette Shooters load up some ammo and I'll see you at Tokoroa , practice day is on November 17th.

There are two new matches this Nationals they are Big Bore Unlimited any sight, with a Trophy which is called the Ken Staples Memorial Trophy and Small Bore any sight, which has a Trophy as well (unnamed at this point).

There will also be a 20 shot Lever Action rifle match straight wall cases only, this is only a fun match.

The HMS Silhouette Team is off to New Caledonia on the November the 4th to compete in the Oceania games I wish them on behalf of the Pistol New Zealand all the best and come home with some Gold.

The team got court of guard with the new Export of Strategic Goods Permit from the Department of Foreign Affairs.

Thanks to New Zealand Shooting Federation for sorting this out for us.

When you are going over seas with firearms and ammunition you have add this permit to the Police PEI-1 Permit, so if you are in doubt when taking guns and ammo overseas contact the Administration Officer.

Safe Shooting till next time.

Peter Payne
