

PRACTICALLY SPEAKING

June, 2007

Kia Ora,

I hope your shooting has been going well. Not much to report this time.

IPSC haven't decided on dates for the World Shoot yet (still pending).

Some good news is that in 2009 the Oceania IPSC Shoot will be in New Zealand. It will be based in Christchurch in Feb – March '09. I would like to combine this with the South Islands as the time and date will be the same. Is there any club out there willing to put their hand up?

The Australasia Shoot in Thailand has been finalised, with a Standard Team and one Open Shooter going. We all wish them luck.

Darren from www.3gun.co.nz has set up a forum on his website for everyone to use so check it out.
